

There's a new look in 2020 for ballot mail envelopes in Michigan

Help us get ballots delivered to the voters and back to the clerk's office – quickly and accurately.

Blue envelopes are for delivery to voters

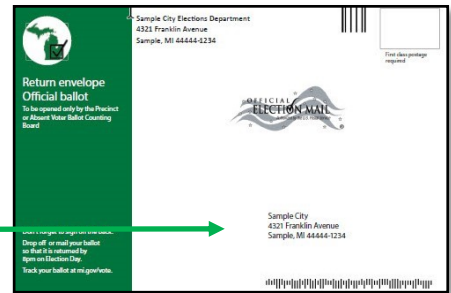

- The new envelopes are smaller and color coded, blue goes to the voter.
- The delivery address is clearly labeled on the front.

Green envelopes return ballots to the Clerk

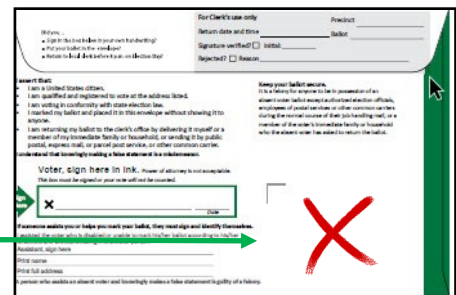

Front of envelope

- Green denotes delivery to the clerk's office.
- The clerk's address and IMb are clear on the front of the envelope.

Back of envelope

- This side is for the voter's use only.
- Do not deliver to the voter's address on the back.

Together, we can make the 2020 elections a success.
