Guidelines for editing the signage

- Replace the seal with your own county or state seal
- Be sure to update the design with your own county's name and relevant dates
- Change or switch out terms that your jurisdiction uses (for example, absentee voting instead vote by mail voting)
- If your county's website link does not fit the provided space at the bottom, work with your IT team to create a shortened or vanity URL that is simple and easy to remember.
 - E.g., [vote.state.gov/register](#) or [govote.state.gov](#)
- You can change the colors to better match your organization's branding. If you do so, be sure there's enough color contrast to make it accessible.
- If you are having trouble editing design elements of the design (like the red bar on the top), on the PowerPoint menu, go to View > Master > Slide Master to make those changes.
- This template uses the Noto Sans font family available through [Google Fonts](#). Noto Sans is a legible font with robust language support.
- Export the file as a PDF to get printed professionally.

Have you voted your ballot?

You have two options for return:

ID and Go

- Bring a valid ID to verify your identity when returning your completed ballot.
- Your ballot gets processed right away, which speeds up election results.

Drop and Go

- Skip the line and drop your signed, sealed ballot envelope into the drop box.
- Your ballot will go through the regular verification process.
